NOTES- 26**ACCOUNTING POLICIES AND NOTES ON ACCOUNTS:****(A). SIGNIFICANT ACCOUNTING POLICIES:****1. BASIS OF PREPARATION OF FINANCIAL STATEMENTS:**

The Financial Statements are prepared in accordance with Indian Generally Accepted Accounting Principles (Indian GAAP), under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values. GAAP comprises mandatory Accounting Standard as prescribed under section 133 of the Companies Act, 2013. ("Act") read with rule 7 of the Companies (Accounts) Rules 2014.

2. TANGIBLE ASSETS AND DEPRECIATION:

- a) Tangible Assets are stated at cost including inward freight, duties, taxes and expenses incidental to acquisition and installation.
- b) Depreciation has been provided on Tangible Assets on written down value method at the rates Prescribed in Part "C" of schedule II of the Companies Act, 2013, on the basis of remaining useful life.

3. INVESTMENTS:

Investments are stated at cost unless otherwise stated.

4. INVENTORIES:

The Company does not have any Inventory.

5. REVENUE RECOGNITION:

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:

Revenue from services is recognised based on performance of the services and in accordance with the terms of respective contracts. The Company collects service tax on behalf of the Government and, therefore, it is not an economic benefit flowing to the Company. Hence, it is excluded from revenue.

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the applicable interest rate.

Dividend income is recognized when the Company's' right to receive dividend is established by the reporting date.

6. EARNINGS PER SHARE:

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for the events of bonus issue and share split.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

7. CONTINGENT LIABILITIES:

NIL

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. A disclosure is made for a contingent liability when there is a:

- a) possible obligation, the existence of which will be confirmed by the occurrence / non-Occurrence of one or more uncertain events, not fully within the control of the Company;
- b) present obligation, where it is not probable that an outflow of resources embodying Economic benefits will be required to settle the obligation;
- c) Present obligation, where a reliable estimate cannot be made.

8. TAXES ON INCOME:

The accounting treatment followed for taxes on income is to provide for Current Tax and Deferred Tax. Current Tax is the amount of Income Tax determined to be payable in respect of taxable income for the Year. Deferred Tax is recognized, subject to the consideration of prudence, at substantive enacted rates on timing differences, being the difference between taxable incomes and accounting income that originate in one period and are capable of reversal in one or more subsequent period.

9. CASH AND CASH EQUIVALENTS:

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.
